EIGHTY-EIGHTH ANNUAL REPORT**of the****Board of Managers of the Halifax School for the Blind****For the Year Ended June 30, 1958**

Introduction: The President and Members of the Board of Managers submit to the Corporation and to the public of the four Atlantic Provinces this, their Eighty-Eighth Annual Report.

Supervision: The Board of Managers are elected at the Annual Meeting of the Corporation which is held in December. Monthly meetings are held thereafter during the school year and special meetings of the Board as a whole or of the various committees are called when need arises. In addition to the above and to the regular monthly inspections of the Visiting Committee, members of the Board pay numerous unofficial visits to the School throughout the term.

Property: During the past summer our food-handling facilities were greatly improved by the addition of a large "walk-in" refrigerator and a deep-freeze. Other improvements were: replacement of the slate shingles and wood-work on the mansard roof of the Residence Building, modernization of boys' lavatory in the School Building, and continuation of the programme of replacement of school furniture and equipment.

Health: Except for the invasion of Asiatic 'flu in October the health of students has been good throughout the year. All inoculations and X-ray examinations provided for the children in the public schools of Halifax have been extended to us through the kindness of the City Department of Health, and we have as in the past taken full advantage of these.

The School's fortunate location in close proximity to all clinics, hospitals, and other provincial and city health services is of inestimable value to us both in time of emergency and in the long-term health programmes, and provides our pupils with far better medical care than many of them could possibly receive in their own homes.

It is appropriate here also to acknowledge gratefully the time and care taken by the School's physicians, Drs. Donald I. Rice and A. Ernest Doull and their associates, Drs. D. M. MacRae, John H. Slayter and Peter Gordon.

Acknowledgements: In addition to the services already mentioned the Board wishes to acknowledge:

The generosity of the Halifax Fire Department for their annual donation of Christmas toys;

The contribution by the School's many friends to our Annual Christmas Fund, Prize List and June Closing activities;

The services of those individuals and organizations who have provided a reader service for our college and high school students;

The important work carried out by the Water Safety Division of the Nova Scotia Branch of the Canadian Red Cross Society in conducting a swimming class for a large group of our students;

The continued kindness of our very good friends, the Halifax Lions Club, who provided their annual picnic and field day;

The contribution of \$92.00 for Braille writer by the Simpson's and Simpson's Sears Employee Charitable Fund;

The entertainment outside the School provided for our students by various individuals and organizations in the City; and

The continued interest of service clubs and fraternal organizations in the constituency of the School.

Our thanks are also due:

To the services of churches in the various denominations who assist in the religious instruction of our students;

To Mr. Gunter Buchta for his weekly instruction in ball-room dancing;

To the members of our staff and student body who gave freely of their time to the organization and training of our Girl Guide, Boy Scout, and Brownie Groups, and to the arrangement and conduct of social events within the School;

To the press of our territory for their many courtesies;

To the Canadian National Institute for the Blind for its continued cooperation in reporting the names of children with defective vision and for its follow-up work which enables so many of our graduates to obtain employment and a consequent feeling of security and independence;

To the railway officials in this area for their continued courtesy and assistance given our students and staff;

To the officials of Fleetlines, Ltd., who for the past several years have provided free transportation for our boys and girls to and from various destinations.

The Board gratefully acknowledges the following bequests:

Superintendent's Report

Mr. J. A. Walker, Q.C.,
President, Board of Managers,
Halifax School for the Blind,
Halifax, N. S.

Sir:

Submitted herewith is my report of the activities of the School for the year ended June 30, 1958.

The various grades followed the curriculum set forth in the course of study of the Department of Education of the Province of Nova Scotia.

An innovation this year was the establishment of a training programme for exceptional children. At the close of the term it was felt that this venture had been sufficiently successful to justify continuation, and that out of the class of eleven children, seven should be retained for further training.

Six of our students attended the city high schools as day pupils while continuing to live in residence here. Of these, two received their Grade XI certificates while two others were successful in all examinations written.

Two graduates of the School, Leonard Burridge, Yarmouth, N. S., and Gilles Losier, Trout Stream, N. B., continued their studies at St. Mary's University.

The usual field work programme was carried out during July and August by Mrs. Allen and myself, during which visits were paid to the parents of all prospective pupils and to as many as possible of those whose children are presently enrolled.

Distribution of books from the Braille library totalled 665 volumes. There were 32 readers in the School and 12 outside readers, of whom 6 read periodicals only.

Forty pupils received instruction in Pianoforte; five in Theory of Music, three in Vocal and nine in Tuning. In addition, the majority of intermediate and senior students received regular instruction in choral singing.

Five students enrolled in Theory of Music took examinations set by Trinity College of Music, London. Of this number four were successful, two passing with Honours and one with Merit.

One pupil, Susan Small, Black's Harbour, N. B., participated in the Halifax Musical Festival, taking first place in one group and third place in each of two other groups. This student attended the New England School of Music at Oakland, Maine, during the summer vacation, being assisted by scholarship grants from the School and the S. R. Hussey Scholarship Fund. During the coming year she will study at the Maritime Conservatory of Music on a Scholarship awarded by that institution and which is one of two offered in Nova Scotia each year.

Instruction in "print" typing was given to twenty-four senior students during the year, each student receiving from three to six hours per week on this subject.

New to our teaching staff this year were Mrs. Margaret Beaton, Miss Marjorie Melanson, Mrs. Jean Misick, and Mr. Forman Nickerson. Four of these were replacements for teachers who resigned at the end of the previous year and one, Mrs. Misick, is the instructress of the newly-formed auxiliary class.

During the year 153 pupils were enrolled and in attendance for the whole or some part of the term. They were distributed geographically as follows:

In closing I wish to thank all members of this Board for the many hours they have given outside of regular meetings, in visits and discussion of various problems relating to the School and for the unfailing supply of patience and good counsel which have always been mine for the asking.

Respectfully submitted,

C. R. K. Allen,
Superintendent.

HALIFAX SCHOOL FOR THE BLIND

General Information

Territory: While known as the Halifax School for the Blind, this school really serves the blind and partially seeing of the Maritime Provinces and Newfoundland.

Eligibility for Admission: Any person resident within the above mentioned territory, between the ages of six and twenty-one years, who has insufficient sight to make proper use of the public schools, who has sufficient mentality to benefit by literary or industrial training, and who is of good moral character is eligible as a pupil. Special arrangements may be made for the admission of worthy and otherwise desirable applicants over the age of twenty-one.

While it is desirable that pupils should begin work at the opening of the school in September or January, pupils may be admitted at any time by special arrangement.

Expense: To pupils having a legal settlement in Nova Scotia or New Brunswick the School is absolutely free as to board, lodging, laundry and training. Pupils are expected to pay their own travelling expenses and supply their own clothing and smaller personal needs. Pupils residing in Newfoundland should apply to the Canadian National Institute for the Blind, St. John's, and those in Prince Edward Island to their local government representative.

Housing: Our pupils and staff are housed in comfortable buildings, hot water heated and electric lighted. Every precaution is taken against fire menace including complete sprinkler system, fire-proofed furnace-room, and a regularly employed watchman who patrols all parts of the buildings every hour of the night.

Health: The health of the pupils is under the care of a permanent resident nurse and assistant, and a regular

visiting physician. In addition the School has the services of two expert oculists, and every effort is made not only to safeguard, but to improve as far as possible, the amount of vision possessed by some of our pupils.

Religious Advantages: The School is positively non-sectarian. Pupils are required to attend in supervised groups the services of city churches representing the denomination stated on the original application forms, and no deviation is allowed from this policy except on written request of parents or guardians. Religious instruction in Sunday School classes is carried on by volunteer workers from the pupils' own churches, and every effort is made to facilitate the performance of the religious duties of all pupils in their chosen creed.

Educational Training: The educational system of the School falls into four departments—Literary, Music, Tuning and Manual Training.

Literary: In the Literary Department the entire regular school course is covered from kindergarten to the end of Grade Ten. Pupils who wish to continue their Senior High School Course are accepted for Grades Eleven and Twelve by the City High Schools. In addition pupils are given a course in practical typewriting. While many of our pupils are taught to read and write Braille (the raised point system used by the blind) those whose degree of sight warrants it are permitted a limited use of ink print and pencil work.

Music: In the Music Department pupils receive thorough training in piano music, a limited number receive individual vocal instruction, and selected pupils instruction in playing the pipe organ. Diplomas or certificates are given in accordance with the work covered. Regular and efficient classes in chorus singing are conducted for both older and younger pupils.

Tuning: Instruction in this highly-skilled profession is given to a selected group of senior students. Opportunities for employment in this field are excellent at present, and it is one of the few occupations at which the blind are on equal footing with the seeing.

Manual Training: In the Manual Training Department instruction is given in woodwork, cane-seating, reed basketry, rug-weaving, sewing and knitting. Certificates are granted to graduates in accordance with the courses covered.

Maintenance: The School is maintained by per capita grants from the three Maritime Provinces and Newfoundland, by the income from a small endowment, and by public donations.

Management: The affairs of the School are under the direction of a board of twelve members, which holds regular monthly meetings and the members of which take a keen personal interest in the welfare of the institution and its pupils. The Premiers of the four Atlantic Provinces are ex-officio members. The School's finances are kept by modern business-like methods, are audited annually by a chartered accountant, and the financial statement published in the regular annual reports. Visitors are invited to inspect the School at any time, and a keener interest on the part of the public is solicited.

TO: Board of Managers,
Halifax School for the Blind.

I have examined the Balance Sheet of the School for the Blind as at June 30, 1958, and the Statement of Income and Expenditure for the year ended on that date. My examination included general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion the accompanying Balance Sheet and Statement of Income and Expenditure present fairly the financial position of the School as on June 30, 1958, and the results of its operations for the year ended on that date.

The Board of Managers of the Halifax School for the Blind are the trustees of the Fund, and the capital securities are deposited with the Eastern Trust Company. The value of these securities as at June 30, 1958, was \$19,172.00.

In addition to the income from the funds under its own name, the Home-Teaching Fund receives 25 per cent of the annual income from the Blind Endowment Fund, (see above); and by an agreement entered into October 1, 1919, the entire annual income from both sources is paid over from time to time to the Canadian National Institute for the Blind for the carrying on of home-teaching in the Maritime Provinces and Newfoundland.
